Dear Parents/Carers

Performance rehearsals and event preparation is well underway. With these dates fast approaching I would like to remind you of the importance of photographs and videos being shared via social media.

Parents please be advised that our school is committed to working within the Data Protection Act 2018 and the GDPR Regulations and take our obligations to safeguard our children and promote good practice extremely seriously.

Whilst we have no legal basis to prevent you taking photographs/videos of your children please be advised that in doing so you will often capture the images of others who it may be detrimental for their images to be made available via social media sites.

We would kindly request that you refrain from posting images of other children onto any social media sites and only use any images for your own personal use. The guidance from the ICO would be any further use could be deemed as non-personal and therefore the purpose would change, and we feel it appropriate to advise you that you could be treated as a Data Controller in your own right and therefore would need to comply with the afore mentioned legislation and be accountable to ICO scrutiny.
